 Los Altos, CA 94022

Technology Donation

Dear Parents,

For many years the Egan PTA has partnered with the school’s administration and staff to provide laptops, software and lab computers. This program has been very successful, resulting in the use of current laptops for curriculum delivery in many core classes including English, Science, and US/World History. Students also have access to the central lab for homework support and technology classes. Last year the PTA devoted more than \$100 per student to fund this ongoing technology program.

The PTA remains committed to this program regardless of the State’s education budget. Our funds to support this program are raised through a variety of sources. One of the sources is a direct campaign to parents. We hope you will consider donating \$50 or more per student to help offset part of the expense of running this program.

Thank you,

Claire Rigodanzo & Kathy Campitelli
 Egan PTA Co-Presidents

Technology Donation

\$ _____	Basic Donation	\$0 - \$50
\$ _____	Viking White Level	\$51 - \$75
\$ _____	Viking Yellow Level	\$76 - \$100
